**NDACP 36th Annual Conference
August 30-September 1, 2022**

Keynote Speakers

John Cronin and Mark Cronin from John's Crazy Socks

John Cronin is a young man with Down syndrome who co-founded John's Crazy Socks with his Dad, Mark. In John's Crazy Socks, the two have created a social enterprise that has both a mission to spread happiness and show what people with differing abilities can do.

John and Mark will share how they started with a dream and built it into a business that not only earned \$10 million in three years, but changes lives. They will share how a mission driven business connects them with customers, employees and the community. They will show how hiring people with differing abilities is not altruism, but good business. And how it is not enough to just sell stuff, how giving back is essential to their business.
